

Eagle Training Services NT

Making training fun, easy and worthwhile for everyone!

Breathing Apparatus MSMWHS216

Course Outline

The objective of this course is to provide the knowledge and skills to safely operate and work in atmospheres that may have a harmful level of contaminants or do not have a safe oxygen level. The Breathing Apparatus Training course is designed for employees who may be required to utilise breathing apparatus equipment for the purpose of accessing hazardous locations including confined spaces or performing work and maintenance in contaminated atmospheres. Participants will wear breathing apparatus and be taught appropriate operating procedures.

Participants who attend this course will observe a high emphasis on safety and emergency procedures. This course can be tailored to your specific type of breathing apparatus, i.e. escape type or self contained breathing apparatus (SCBA) and is taught by experienced personnel. It is a recommendation under Australian Standards that breathing apparatus users complete a refresher training course annually.

Course Subjects

- Hazardous environments that require breathing protection
- Relevant Australian Standards and regulations explained
- The human respiratory system
- Types of breathing apparatus
- Communication procedures
- Risk assessments and hierarchy of hazard control
- Breathing apparatus key components
- Calculating working duration & emergency escape times
- Using breathing apparatus control tally boards
- Breathing apparatus safety & entrapment procedures
- After use cleaning, maintenance & testing procedures

Course Delivery & Duration

The course runs for 1 day. Classes commence at 8:30am. All students are required to be present 15 minutes before course commencement time. Late arrivals may be refused from the course as a failure to attend.

Training occurs at Eagle Training Services training facilities, located in Alice Springs. Participants undertake the course in comfortable air-conditioned classrooms with the latest IT and audiovisual capabilities. Students are supported through the provision of high quality learning materials and resources.

Course Assessment

Written & practical assessment. Practical exercises will be tailored to your specific workplace if training is delivered onsite.

Please Note: There are certain medical conditions (heart disease, asthma etc) which may make certain persons unsuitable for operating breathing apparatus. Refer to AS/NZS1715:1994 or contact Eagle Training Services for more information.

Welfare and Support Services

Eagle Training Services NT provides welfare and support services within its professional capacity. Clients should identify existing needs prior to enrolment so that appropriate arrangements are made. Where additional support is required, the client will be referred to a specialist agency to access appropriate support. Eagle Training Services NT has a documented policy regarding access and equity.

Course Fees

\$340 per student. Payment in full, or provision of a purchase order is required to secure a place on a course. Course fee is fully refundable only if the course is cancelled. This price includes all study manuals and materials.

Confirmation of Enrolment

Payment in full, or provision of a purchase order is required to secure a place on a course. Positions are limited so confirmed enrolments only will be able to attend.

For cancellations/refunds, a minimum of 3 business days notice must be provided to Eagle Training Services NT prior to the commencement of the scheduled course to enable re-allocation of your place to another participant, otherwise the full course fee will be payable. Replacements are allowed provided they have Eagle Training Services NT approval before the start of training and course prerequisites are met.
