Company Overview

Eagle Training Services NT was established in Alice Springs in 2000 and became an independent Registered Training Organisation (RTO) in 2006. Founded by Gary Carter, the business has specialised in providing training in Security, First Aid and Health, Community Services, WHS and specialised Safety courses, Driver training and the Training and Assessment qualification. Comprising a team of 9 full time staff and 4 part time staff members, the business is growing at a steady pace and has now relocated its head office to Darwin.

Eagle Training Services is a known and trusted training provider in Darwin and delivers training and accredited programs to the local market, Alice Springs and remote Northern Territory.

Eagle Training Services is predominantly a fee-for-service RTO.

Differentiators

Eagle Training Services is a known and trusted training provider in Darwin and Alice Springs and delivers training and accredited programs to the local market and remote Northern Territory. We specialise in working with local businesses and corporate clients by providing the ability to tailor the training to the specific industries as well as their internal policies, procedures and processes.

Eagle Training Services has established a reputation for providing high quality training that not only is outcome focused but also enjoyable and even fun. At Eagle Training Services we ensure that our staff maintain their vocational competency in the areas that they train and assess in. The CEO is directly involved in the training delivery and ensure that client's needs and expectations are met.

Costs

Training costs vary depending on the training requested and the location that training is delivered. *(Please note that penalty interest may be incurred on invoices not paid in accordance with the payment terms).*

All training is GST exempt as defined in ATO Ruling GSTR 2000-27.

Course sizes may differ as a result of the training needs and safety aspects and this needs to be negotiated at the time of booking.

Risk Management

Eagle Training Services NT is a Registered Training Organisation (RTO Number 70049) which is currently registered under the Australian Skills Quality Authority (ASQA). To achieve this status Eagle Training Services NT must be compliant with the Standards for RTOs 2015, and maintain a continuous quality assurance system that assists with the delivery, monitoring and overall continuous improvement of the RTO as a whole.

Eagle Training Services NT has undertaken a re-registration audit in 2016 with ASQA. Where non-compliances occurred we took the opportunity to make amendments and improve on current practices. Eagle Training Services NT is currently registered until March 2023. Our organisation embraces audits as it provides an opportunity to have our training business examined so that we may improve processes and service delivery to our clients.

All accredited training is issued in accordance with the Australian Qualifications Framework.

Eagle Training Services NT does not have any legal action pending.

Eagle Training Services NT values safety and considers it paramount in all of our training delivery and assessment process; 'zero harm' is our goal. We achieve this by following a systematic risk management process by identifying potential risks within the training project and developing strategies to manage these risks. Eagle Training Services NT is willing to adopt client organisational strategies in relation to Health, Safety and Environment (HSE) in all aspects related to training conducted, resources contextualised and all other client organisational procedures.
